

### List of Auto eCAAT Ent Functions with Brief Description

No.	Panel	Menu (M)	Function (F)	Tool Tips / Brief Descriptions	Type
1	By Trendline			Perform for Quadrants, Percentiles, Clusters, Patterns, Quadrant Analysis, Percentile Analysis, Cluster Analysis, Pattern Analysis, for Numeric, for Date, for Character, for Aging, for Outliers, for Pareto, for ABC, for ABCD, for Classified, for List To Find, for RSF, for MVF, for Top(X), for MIS, in succession as specified and displays results in workbook/worksheets.	P
2	By Trendline	Classification		Displays Trendline results as per statistical classification for items grouped (count >1 or specified no.) as quadrants, percentiles, clusters, patterns, Quadrant Analysis, Percentile Analysis, Cluster Analysis, Pattern Analysis in succession as specified and displays results in workbook/worksheets.	M
3	By Trendline	Classification	for Quadrants	Displays list of values (trend) in columns for selected quadrant for selected columns/group on specified conditions of occurrence or variance with option to display sparklines or charts.	F
4	By Trendline	Classification	for Percentiles	Displays list of values (trend) in columns for selected percentile for selected columns/group on specified conditions of occurrence or variance with option to display sparklines or chart.	F
5	By Trendline	Classification	for Clusters	Displays list of values (trend) in columns for selected columns/group of selected cluster on specified conditions of occurrence or variance with option to display sparklines or chart.	F
6	By Trendline	Classification	for Patterns	Displays list of values (trend) in columns for selected patterns for selected columns/group on specified conditions of occurrence or variance with option of sparklines or chart.	F
7	By Trendline	Classification	for Quadrant Analysis	Displays list of values (trend) in columns results for range of values for selected quadrants for selected two numeric columns on specified conditions of occurrence or variance with option to display sparklines or chart.	F
8	By Trendline	Classification	for Percentile Analysis	Displays list of values (trend) in columns for selected percentile for selected two numeric columns on specified conditions of occurrence or variance with option to display sparklines or chart.	F
9	By Trendline	Classification	for Cluster Analysis	Displays list of values (trend) in columns for selected cluster for selected two numeric columns for specified conditions of occurrence or variance with option to display sparklines or chart.	F
10	By Trendline	Classification	for Pattern Analysis	Displays list of values (trend) in columns for selected patterns for selected two numeric columns on specified conditions of occurrence or variance with option to display sparklines or chart.	F

### List of Auto eCAAT Ent Functions with Brief Description

No.	Panel	Menu (M)	Function (F)	Tool Tips / Brief Descriptions	Type
11	By Trendline	Analysis		Displays Trendline results for group (count >1 or specified no.) of records based on Cross Tab, Numeric, Date, Character, Aging, Outliers, Pareto, ABC, ABCD and Aging analysis in succession as specified and displays results in workbook/worksheets.	M
12	By Trendline	Analysis	Cross Tab	Displays list of values (trend) in columns for each group of records on specified conditions of occurrence or variance with option to display sparklines or chart.	F
13	By Trendline	Analysis	for Pivot Column	Displays line chart (sparkline, column, win-lose) or other charts for each of the rows by organising the data in columns based on selected column (pivot) for data in the selected worksheet with options to display statistics (count, average, minimum, maximum, average and MVF) and combining columns with condition applied for count > 1 and/or variance > specified no. (if required).	F
14	By Trendline	Analysis	for Sparklines	Displays line chart (sparkline, column, win-lose) or other charts for each of the rows in the selected worksheet with options to display statistics (count, average, minimum, maximum, average and MVF) and combining columns with condition applied for count > 1 and/or variance > specified no. (if required).	F
15	By Trendline	Analysis	for Numeric	Displays list of values (trend) in columns for Groups of numeric data as per different strata based on intervals for specified conditions of occurrence or variance with option to display sparklines or chart.	F
16	By Trendline	Analysis	for Date	Displays list of values (trend) in columns for Groups of date type data as per different strata based on intervals for specified conditions of occurrence or variance with option to display sparklines or chart.	F
17	By Trendline	Analysis	for Character	Displays list of values (trend) in columns for Groups of character data as per different strata based on intervals for specified conditions of occurrence or variance with option to display sparklines or chart.	F
18	By Trendline	Analysis	for Aging	Displays list of values (trend) in columns for Groups of aging data as per different strata based on intervals for specified conditions of occurrence or variance with option to display sparklines or chart.	F
19	By Trendline	Analysis	for Outliers	Displays list of values (trend) in columns for results of outlier analysis on specified conditions of occurrence or variance with option to display sparklines or chart.	F
20	By Trendline	Analysis	for Pareto	Displays list of values (trend) in columns for results of pareto analysis on specified conditions of occurrence or variance with option to display sparklines or chart.	F

**List of Auto eCAAT Ent Functions with Brief Description**

No.	Panel	Menu (M)	Function (F)	Tool Tips / Brief Descriptions	Type
21	By Trendline	Analysis	for ABC	Displays list of values (trend) in columns for results of ABC analysis on specified conditions of occurrence or variance with option to display sparklines or chart.	F
22	By Trendline	Analysis	for ABCD	Displays list of values (trend) in columns for results of ABCD analysis on specified conditions of occurrence or variance with option to display sparklines or chart.	F
23	By Trendline	Analysis	for Aging	Displays list of values (trend) in columns for results of aging analysis on specified conditions of occurrence or variance with option to display sparklines or chart.	F
24	By Trendline	Results		Displays Trendline results for group of records (count >1 or specified no.) based on results of classified, RSF, MVF. Top (X) or MIS Results in succession as specified and displays results in workbook/worksheets.	M
25	By Trendline	Results	for Classified	Displays list of values (trend) in columns for results of classified function on specified conditions of occurrence or variance with option to display sparklines or chart.	F
26	By Trendline	Results	For List To Values	Displays list of values (trend) in columns for results of list of values function on specified conditions of occurrence or variance with option to display sparklines or chart.	F
27	By Trendline	Results	for RSF	Displays list of values (trend) in columns for results of RSF function on specified conditions of occurrence or variance with option to display sparklines or chart.	F
28	By Trendline	Results	for MVF	Displays list of values (trend) in columns for results of MVF function on specified conditions of occurrence or variance with option to display sparklines or chart.	F
29	By Trendline	Results	for Top (X)	Displays list of values (trend) in columns for results of Top (X) function on specified conditions of occurrence or variance with option to display sparklines or chart.	F
30	By Trendline	Results	for MIS	Displays list of values (trend) in columns for results of MIS function on specified conditions of occurrence or variance with option to display sparklines or chart.	F
31	By Template			View, create, edit, delete, import (as per set format) list of eCAAT functions to be performed together as per requirements of specific template and also perform and save default audit/ function templates.	P
32	By Template		Import	Imports list of audit tests as per template categories and sub-categories (as per set default format) which can be performed in AUTO eCAAT.	F
33	By Template		Download	Saves the default import format file used to import template categories and sub-categories to the specified location on your system.	F

### List of Auto eCAAT Ent Functions with Brief Description

No.	Panel	Menu (M)	Function (F)	Tool Tips / Brief Descriptions	Type
34	By Template		Checklist	Opens sample list of template categories and sub-categories (as per set default format) import file.	F
35	By Template		New	Creates new template categories and sub-categories of tests to be performed.	F
36	By Template		Edit	Edits template categories and sub-categories of tests to be performed.	F
37	By Template		Delete	Deletes template categories and sub-categories of selected tests.	F
38	By Template		Perform	Performs and save default set of audit/ function templates.	F
39	By Template		Report	Displays list of template categories and sub-categories of tests.	F
